THREE TO TAKE THE TREATMENT

Three Gettysburg People Bitten by Mad Dog Go to Baltimore to Take Pasteur Treatment. County Will Pay the Expense.

This morning the three people who were bitten by the mad dog on Friday afternoon went to Baltimore to undergo treatment at the Pasteur Institute. The three victims of the dog were Martin McSherry, baggage master at the Western Maryland railroad; Luther Musselman, son of J. Elmer Musselman, of Baltimore street; and Joseph Shuff, of Emmitsburg, a student at college. Mr. Musselman accompanied his son.

The young men were sent to Baltimore at the expense of the county under the Act of Assembly of 1907. They made application Wednesday evening to Charles E. Stable, Esq., attorney for the Board of Poor Directors, asking that the county pay the costs. Mr. Stable instructed them to go to Baltimore at once assuring them that the county would furnish the funds. The Act of 1907 is as follows:

"Be it enacted that section one of an act providing for necessary medical attention to persons who may be in danger of suffering from hydrophobia approved March 31, 1905, which reads as follows:

"Section 1. Be it enacted etc. that in each and every county of this Commonwealth it shall be the duty of the proper officers of the several poor districts in such counties, to provide all NEEDED persons in their said several districts, who may be bitten by dogs suffering from hydrophobia, or rabies, with the proper medical attention to prevent the development of the disease in the person or persons so bitten, which medical attention may include the treatment known as the Pasteur treatment, to be altered and amended so as to read as follows:—

"Section 1. Be it enacted etc., that in each and every county of this Commonwealth it shall be the duty of the proper officers of the several poor districts, in such counties, at the expense of such poor districts, respectively, TO PROVIDE ALL PERSONS WHO MAY APPLY FOR AID in their said several districts, who may be bitten by dogs or other animals suffering from hydrophobia or rabies, with the proper medical attention to prevent the development of the disease in the person or persons so bitten which medical attention may include the treatment known as the Pasteur treatment."

The promptness of the people, when bitten, in having the wounds cauterized is regarded as making future unfavorable developments very improbable. In every case the services of a physician were at once sought and less than ten or fifteen minutes had elapsed before the necessary precautions had been taken to guard against the poison getting into the systems of the young men.

The wounds were all more or less slight. In Mr. Shuff's case no blood was drawn and in the other two cases the wounds were very slight. This, in connection with the promptness of the treatment, makes everything look favorable for the unfortunate young men.

KILLED BY WHIRLING SHAFT

Chambersburg, Feb. 10—William McCoy, aged 55, a machinist employed by the Wolf Company, was caught by a belt in the machine shops and whirled about the shaft and dreadfully injured. He was taken to the hospital where he died in an hour. Almost every bone in his body was broken. Mr. McCoy married Miss Fannie Lott, of near Gettysburg, within the past year.

Didn't Keep a Diary.

At an important trial in a London law court one of the witnesses was an Irish woman who was decidedly hard to handle. She was particularly categorical as to her dates and told how "this happened at 4:27 on Tuesday, this at 6:33 on Friday," and so on. At last the patience of the advocate was exhausted.

"My dear woman," said the exasperated counsel, "do you keep a diary?" "No, sir," replied the woman, "a dramshop."

The Way It Helps.

When Sir Andrew Clark, Mr. Gladstone's physician, recommended a patient to drink wine the latter expressed some surprise, saying he thought Sir Andrew was a temperance doctor, to which Sir Andrew Clark replied:

"Oh, wine does sometimes help you to get through work. For instance, I have often twenty letters to answer after dinner, and a pint of champagne is a great help."

"Indeed," said the patient, "does a pint of champagne really help you to answer the twenty letters?" "No, no," said Sir Andrew. "But when I've had a pint of champagne I don't care a rap whether I answer them or not!"

ORPHANAGE BOARD MEETS

Board of Trustees of Hoffman Orphanage, Near Two Taverns, Meets and Receives Architect's Plans.

A meeting of the directors of the Hoffman Orphanage was held at the home of Rev. Ellis S. Hay, of Hanover, at which the following were present: Rev. T. J. Barkley, and C. S. Duncan, Esq., of Gettysburg; Rev. Dr. C. S. Slagle and O. D. Gilbert of Westminster; Rev. Ellis S. Hay, Hanover; Rev. A. M. Gluck, of Emmitsburg; Rev. F. S. Lindaman and George M. Conover, of Littlestown; J. Harvey Maus, of Silver Run, Md., and Superintendent of the Orphanage, Rev. J. S. Hartman of Littlestown. M. I. Kast, of Harrisburg, an architect, met with the Board and submitted plans for remodeling or erecting cottages.

The plans were examined and discussed but nothing definite was done in the matter.

Probably few repairs will be made to the old building, but the erection of a new cottage is contemplated at an early date.

No other business of importance was transacted.

DANGER IN DRINKING CUP

The common drinking cup, the red-hot stove, the lack of ventilation and other features of boyhood days are the targets of a shot fired by Dr. Samuel G. Dixon, state health commissioner, in a letter that has been sent to the secretaries of all the rural school boards in Pennsylvania.

Speaking of the common cup evil, Dr. Dixon in his letter says:

"Individual drinking cups in schools are a necessity and must be provided, either by the pupils or the school authorities, and provisions made for filling them either by a cooler with a spigot, or, if a bucket is used, a common dipper should be provided and the water dipped from the bucket in this dipper and the drinking cups filled in that way. The children should not be allowed to dip their cups into the bucket. The use of a common drinking cup in the school room is exceedingly dangerous and a constant menace to the health of all the pupils."

SURPRISE PARTY

A very pleasant surprise was given to Mr. and Mrs. George Rosensteel at their home at Round Top Monday evening. Those present were: Mr. and Mrs. George Rosensteel, Mrs. Jacob Group, Mr. and Mrs. Harvey Miller, Mrs. John Epley, Mr. and Mrs. Walter Plank, Mr. and Mrs. Charles Rider, Mrs. Emory Fox, Misses Jennie Rosensteel, Urilla Plank, of Altoona, Venetia Rosensteel, Addie Weikert, Eva Group, Mary Rosensteel, Anna Group, Messrs. John H. Rosensteel, Arthur Shields, Pat Rosensteel, Frank Redding, John Miller, John Rosensteel, William Shields, Francis Rider, Francis Rosensteel, Robert Felix, Leo Rosensteel, Simon Redding, Charles Rosensteel, Master Curtis Plank.

ALONG THE KENNEBEC

A New England play entitled "Along the Kennebec" will be presented at the Walter's Theatre, Tuesday, February 15. This company carries all its own scenery for the production and its stage settings are said to be extraordinarily pretty and well appointed. The play itself is a comedy pure and simple, with an absence of cheap sensationalism but an abundance of good clean comedy, something that we can laugh at and not understand afterwards what we laughed at. The funny scene in the third act is said to be a pretty good cure for the blues for the evening at least, and the splendid orchestra will please all lovers of good music.

LONG SEARCH

Tearing loose at Mt. Tabor on Saturday evening a horse belonging to Allen Guise of Tryone township, ran away with a sleigh. All traces of the animal were lost until Monday afternoon when horse and sleigh were discovered in the woods near Upper Berksman church.

Parties searched for the missing team all day Sunday and it was Monday afternoon when John Bricker discovered the horse standing between two trees with the sleigh attached. The animal was somewhat stiffened from its long exposure but otherwise uninjured.

LAYMEN'S CONVENTION

A full account of the proceedings of the county laymen's missionary convention will appear in tomorrow's Times.

FOR SALE—Cook stove, good as new. 433 Baltimore street.

GETTYSBURG 48 DICKINSON 18

Old Rivals from Carlisle Beaten by Decisive Score in College Gymnasium. Game well Played and Largely Attended.

In one of the best basket ball games seen in the College Gymnasium for several years Gettysburg defeated Dickinson on Wednesday evening by the score of 48 to 18. The game drew an unusually large crowd of town people to the gymnasium, where all the seating accommodations were soon exhausted and many were compelled to stand.

The contest was fast and clean, and was marked by the good team work and individual playing of the local five. Dickinson was at no time dangerous and scored only four goals from play, the remaining ten points being secured on shooting from fouls at which they proved themselves very proficient.

The Gettysburg quintet played unusually well together and passed accurately despite the close guarding of the opposing men. Shooting was also more accurate than at any game seen here this season.

Mr. Barnes, of York, a basket ball man of considerable reputation, was the official for the game and proved most satisfactory to both sides and by his prompt penalties for roughness, assured to the spectators as clean an exhibition of the popular game as any could desire.

COLLECTOR'S NOTICE

Internal Revenue Collector H. L. Hershey desires to call to the attention of all corporations, joint stock companies, associations and insurance companies, subject to the excise tax imposed by the Act of August 5, 1909, that the returns must be in his hands on or before March 1, 1910. There are severe penalties imposed by the Act named, for neglect or failure to make a return in the proper time, and for making a false return. Collector Hershey desires that no one shall become liable to these penalties and has been making every effort to supply each corporation in the Ninth District with a blank form of return, but the failure to receive such blank form, and the consequent failure to make the return within the prescribed time, will not relieve the corporation, joint stock company, association or insurance company from the penalties imposed for a failure to make such a return.

BIG FIRE

Fire of an incendiary origin destroyed the store property of Edwin P. Krebs at Seitzland, Shrewsbury township, York county, Wednesday morning and caused a scare to the residents of the village. Through the assistance of the Glen Rock Fire company and residents of that section the blaze was confined to the structure in which it began. The loss is estimated at \$6,000 partly covered by insurance.

The fire was discovered by Northern Central railroad trainmen. It originated in the warehouse adjoining the store and it was not long until the entire building was leveled. None of the contents were saved. A freight car standing on a siding nearby, containing an automobile belonging to Ralph Kunkle, Northern Central ticket agent, at Seitzland, was destroyed also.

SINGLE SYSTEM

Although the project of combining the Western Maryland Railroad, the Wheeling and Lake Erie and the Wabash-Pittsburg Terminal Railroads has been abandoned owing to the attitude of the dominant interests in the latter properties, it is still considered likely that the three roads will be merged into a single system after the reorganization of the Wheeling and Lake Erie and the Wabash-Pittsburg Terminal.

Should such a deal be consummated it will not in any way affect the traffic alliance which has been entered into between the Western Maryland and the Pittsburg and Lake Erie. Benjamin F. Bush, president of the Western Maryland Railroad, is also president of the Company operating the coal mines owned by the Wabash-Pittsburg Terminal.

NEW TEAM

A basket ball team has been formed by the members of the "Boys Club," of St. James Lutheran church. The club has elected as captain William Pheasant, and as manager, Lynn Sheads.

NEW COMPANY

A new produce company is reported as having been formed in McKnightstown. The members are young men of that place.

TARIFF CAUSE OF HIGH PRICES

Senator Stone Rakes Republicans Over the Coals.

SCENTS PLOT TO HIDE FACTS

Says There Was Too Much "Monkey Business" in Proposed Investigation and Sees Attempt to Whitewash the Tariff Law.

Washington, Feb. 10.—The high cost of living will be investigated by a committee of seven senators. The Elkins resolution was adopted by an overwhelming vote.

Senator Heyburn, of Idaho, offered an amendment to the resolution providing that the investigation should be conducted by the department of commerce and labor instead of by senators. Mr. Heyburn himself was the only one to cast a vote for the proposition.

Senator Lodge, of Massachusetts, will be chairman of the investigating committee. Senator Smoot, of Utah; Senator McCumber, of North Dakota, and Senator Crawford, of South Dakota, will be members.

Whether Senator Elkins will be a member is not settled. He desires to serve upon the committee, but has been somewhat recalcitrant recently and may be forgotten. Two Democratic senators will serve upon the committee, which will have seven members.

The Republican leaders of the senate came in for a raking over the coals from Senator Stone, of Missouri, who declared there had been a "vast amount of monkey business" in connection with the proposed investigation of the high cost of living.

He commented on the fact that the resolution introduced more than a month ago by Senator Elkins, providing for an investigation, had been held up, while that introduced by Mr. Lodge, introduced only last week, had been reported almost immediately.

Stone Greatly Puzzled.

Saying he had been greatly puzzled to know the meaning of the method of proceeding, he declared that it had the complexion of a "purpose to conceal rather than to discover." If not, why, he asked, "did the Republican members of the finance committee come rushing headlong into this business and exhibit an over-weening anxiety to take charge of the proposed inquiry?"

"If the remarkable things done here," he continued, "have given to this business the sinister aspect of a scheme on the part of certain senators to organize a committee that would start in primarily to hold the Payne-Aldrich tariff law blameless for the evils the country complains of, then the senator from Massachusetts and his Republican associates on the finance committee have only themselves to blame."

Mr. Stone said he knew of nothing which stood in such great need of a "coating of whitewash" as the tariff law. Asserting that there had been a rapid enhancement of prices since the passage of the tariff law, he declared that neither an increase in the demand for food nor an increase in the gold supply could explain these advances in so short a time.

He expressed apprehension lest Senator Lodge would hesitate to follow out any line of inquiry which might substantiate Secretary Wilson's contention that American food products are sold more cheaply abroad than in the United States.

Increases Since New Tariff.

Mr. Stone quoted from letters and newspapers to show a general increase in the necessities of life since the enactment of the Payne-Aldrich bill. Among the letters was one from a St. Louis merchant, saying that cotton goods had increased in price from 12 1/2 to 33 per cent, linens 7 1/2 to 10 per cent, and on hosiery 10 per cent.

"Every man of common sense ought to know," he said, "that the enormous profits accruing to investors in these industries are the result of artificial conditions created by law."

"I do not see how it can be contended," he continued, "that these artificial conditions from which the consumers of the country are, thank heaven, beginning to become the impatient sufferers, are chiefly for the benefit of American wage earners employed in those industries."

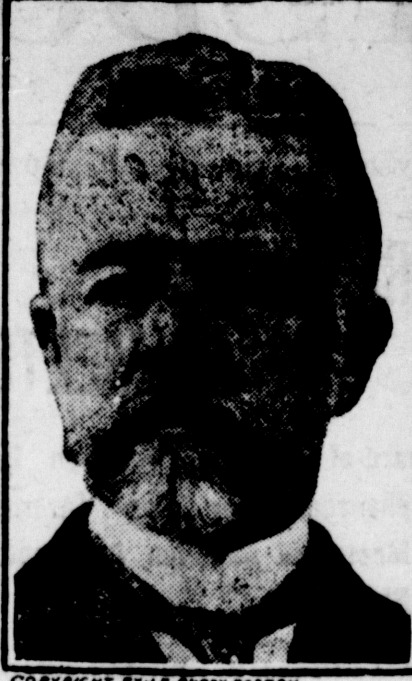

"I assert with the greatest confidence that the tariff rates as a rule are far in excess of any difference in the labor wage in America and the chief competing countries of Europe; and I assert with equal confidence that the chief beneficiaries of this system are the men who employ this labor, and the chief sufferers are the consumers who are the victims of their monopolies."

"I will not contend that the tariff is the sole cause and excuse for exorbitant prices, but I do insist that a practically prohibitive tariff, such as we have, is at least one of the chief causes that make exorbitant prices for human necessities a possibility. It may be that trusts and combinations put up the prices; I think they do. But at the same time, I believe the old contention to be true, that a high protective tariff is the mother of trusts."

Wounds that may have been made on the trunks and low branches of fruit trees by the gnawing of rabbits and mice will heal more readily if the spots are covered with grafting wax, which will exclude the air and moisture. This may be made by melting together four parts of rosin, two parts of beeswax and one part of tallow. When melted the mixture should be thoroughly stirred until cold, or it may be poured while warm into a pail or tub of cold water. When it has cooled sufficiently to handle the hands should be greased with tallow and the

Chairman of Committee to Probe Cost of Living.

GOATS' FLESH SOLD FOR LAMB IN NEW YORK

Dealers Also Admit Poultry is Kept Six Month.

New York, Feb. 10.—Provision dealers denied that turkeys are ever kept in storage for two years and put on the market when they are mouldy from age, but admitted that poultry is sometimes held from six to nine months, and that goat's flesh has been sold for lamb.

This testimony was adduced at a public hearing before the committee on laws and legislation of the board of aldermen, which has under consideration an ordinance providing that all foods held in cold storage must be tagged with the date at which they go into storage and the date when they come out.

A delegation of dealers defended the cold storage system and fought the proposed ordinance on account of the expense it would entail, and which, they said, ultimately must fall on the consumer. The hearing was adjourned for a week.

The evidence taken in Jersey City before the Hudson county grand jury, which also is investigating the cold storage situation, was in the hands of Justice Swaze, who charged the jurors as to what action they could legally take.

4,000,000 ACRES FOR HOMES

Pinchot's Plan For Reclassification of Forest Lands Approved.

Washington, Feb. 10.—More than 4,000,000 acres of public lands, which were included in the forest domain, were thrown out and will be available for homestead settlement, by the action of President Taft, when he approved the plans for the reclassification of forest lands, which was formulated by Gifford Pinchot.

It had been found that millions of acres of land, which were tillable, were being held back unintentionally in the forest domain. In the state of Idaho alone more than 400,000 acres were so included. The plans for the elimination of those lands were formed by Mr. Pinchot and started last summer.

The elimination is not yet complete, and three-tenths of the total public forests are yet to be reclassified. It is impossible to estimate how much more land will be available for settlement when the reclassification is complete.

Secretary Ballinger withdrew from public entry more lands supposed to possess valuable water power sites or deposits of minerals.

The secretary also withdrew more than a half-million acres in Wyoming, supposed to contain valuable coal deposits.

RUNS PENCIL INTO BRAIN

Writing Implement Penetrates Child's Eye and She May Die.

Mount Holly, N. J., Feb. 10.—While playing at school, Nellie Woodington fell on a lead pencil, which penetrated her eye and pierced her brain. She was taken to the home of her parents, Mr. and Mrs. Harry Woodington, on Cherry street, where she lies in a critical condition.

Sugar Company Pays Up

New York, Feb. 10.—The National Sugar Refining company, the \$20,000,000 corporation in which the sugar trust holds stock, has paid into the United States treasury \$604,304.37, which the government has proven to be the satisfaction of the National was owed in duties on underweight sugar imported by that company between 1898 and 1907.

Young Coaster Killed.

Shenandoah, Pa., Feb. 10.—While John Constise, aged fourteen years, was coasting at Lost Creek, a suburb, his sled struck a wooden footpath. He was thrown on his head, being killed instantly.

Valley Forge Memorial.

Washington, Feb. 10.—The house unanimously passed a bill appropriating \$25,000 for the erection of a memorial arch at Valley Forge.

mass pulled and worked until it becomes quite light in color. It may then be made into balls or sticks of convenient size and is ready for use. It should be warmed slightly to work well. Where the wound to be treated is large very good results may be had by dipping strips of cotton cloth in liquid grafting wax and winding it spirally about the trunk, allowing the edges to overlap so as to make the wrapping as nearly airtight as possible. We have had injured trunks healed completely under such a covering as this.

Answers Every Call

Gettysburg. People Have Found that This is True.

A cold, a strain, a sudden wrench, a little cause may hurt the kidneys. Spells of backache often follow. Or some irregularity of the urine. A certain remedy for such attacks. A medicine that answers every call. Is Doan's Kidney Pills, a true specific. Many Gettysburg people rely on it. Here is Gettysburg proof.

Mrs. Charles Gilbert, 128 W. Middle Street, Gettysburg, Pa., says: "My health was very poor as the result of disordered kidneys. I had but little appetite, could not sleep well and was subject to backache and headaches. Often I had dizzy spells and chills and I always felt worse when I caught cold. One of my relatives finally advised me to try Doan's Kidney Pills and I got a box at the People's Drug Store. They proved to be all that was claimed for them, giving me prompt and permanent relief. I advise the use of this remedy in all cases of kidney complaint."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

PIRATES PLOTTED TO SEIZE LINER

Scheme to Steal Golden Cargo Is Revealed.

PLOTTER IS UNDER ARREST

Planned to Kill the Officers of the Galicia, Beach and Burn the Ship and Divide \$1,800,000 in Gold.

New York, Feb. 10.—A plot to kill the officers of the Hamburg-American liner Galicia, seize a consignment of \$1,800,000 in gold belonging to a big banking firm in this city, when the vessel was off the coast of South America, and make off with the plunder, was unfolded by officers of the ship, which is at the Bush docks unloading a cargo brought from Brazil.

The tale reveals one of the most startling attempts at piracy of modern times, and the success of the scheme would have been almost certain had not a member of the crew given the alarm, officers of the ship said.

The account given by Captain Bormeister, of the Galicia, of the plot is as follows:

"One of my sailors told me of the plot. Peter Nieman, a former cowboy, was at the head of it. He offered inducements to the sailors to join him. They had secreted an axe, which was to be used in the mutiny. Geidecker, the informer, pretended to be in with Nieman. He agreed to take part in the plot, but kept us informed.

"Nieman told Geidecker that the officers should be seized and placed in irons, arms secured, and then the booty being divided, and shown to the other sailors, there would be no doubt of their co-operation. If they opposed the plot they were to be killed and thrown into the sea. Having accomplished this, it was Nieman's plan to beach the boat, and getting the gold ashore to set the Galicia afire.

"When the expose came Nieman was in the forecastle. I confronted him with a set of irons. In a second there was a wild struggle. The man sprang at us. I was hurled against a bulkhead and half stunned. Others of the crew sprang to our assistance. It took five or ten minutes to get the irons on him. Then we put him in the fore peak. All the way to Rio he raved and tore at the manacles, threatening to cut out Geidecker's heart when he was released. At Rio we turned him over to the German consul with an account of the plot. The consul sent him to Hamburg, where he was put into prison."

THREE KILLED IN FEUD

Miners Shot Down in Own Home—The Murderers Escape.

Pittsburg, Feb. 10.—A feud among miners which has for months terrorized the residents of Midway, a mining town near here, culminated in the killing of three men, who were shot down in their own homes. Two men who are believed to have done the shooting have fled and members of the state constabulary are pursuing the fugitives through the woods.

The populace is aroused to fury and a lynching is not improbable if the fugitives, one of whom is John Marks, a grocer, and the other, Tony Puchy, a miner, are captured and brought to Midway.

MAKING PEARY AN ADMIRAL
Bill to Advance Rank of Pole Discoverer Passes Senate.

Washington, Feb. 10.—A bill making Commander Robert E. Peary, who discovered the North Pole, a rear admiral, was passed by the senate.

An amendment was adopted in the Peary bill giving him the highest pay of any officer in that grade.

The indications are that the measure will also receive the approval of the house.

Shot Self in Bath Tub

New York, Feb. 10.—Samuel J. Butcher, fifty-six years old, a silverware salesman and an inventor of a device for cutting butter, killed himself in a bathroom at the Hotel Raymond. He filled the tub with warm water, got in and fired a bullet into his head above the right ear. Butcher took a room at the hotel last August. He apparently had difficulty in paying his way. The hotel management sent him his account for \$128, requesting payment. It was shortly after receiving the statement that he killed himself.

Gas Explosion Kills Kentucky Miners

Stearns, Ky., Feb. 10.—An explosion caused by a windy shot in a pocket of mine No. 1 of the Stearns Coal company killed six white miners outright. None of the other workers in the mine were harmed. The explosion occurred in one of the innermost recesses of the mine, and expended its force upon the men in the immediate vicinity. The hoisting machinery was not damaged, and no difficulty was experienced in recovering the bodies.

"Baby Madeline" Dead From Burns

Columbus, O., Feb. 10.—Bessie Longenecker, who has been exhibited in museums under the name of "Baby Madeline," a dead of injuries received when her clothing caught fire from a kitchen stove. Although only seven years of age, the girl weighed 260 pounds.

Catarrh Cannot Be Cured

With LOCAL APPLICATIONS, as they do not reach the seat of the disease. Catarrh is a blood or constitutional disease, and in order to cure you must take internal remedies. Hall's Catarrh Cure is taken internally, and acts directly on the blood and mucous surfaces. Hall's Catarrh Cure is not a quick medicine. It was prescribed by one of the best physicians in this country for years and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such such wonderful results in curing Catarrh. Send for testimonials free.

THREE MET DEATH AT FIRE

Two Burned and Man Killed by Jumping From Blazing Building.

Williamsport, Pa., Feb. 10.—Fire resulted in the death of three persons at Jersey Shore, west of this city, and caused a property loss of \$50,000. The fire started in the Jersey Shore National bank building and spread to structures on either side of it. The upper floors of the bank building are occupied by tenants, one of whom, A. L. Dravenstadt, was killed by jumping from a third-story window. His wife ran upon a balcony, where the fire reached her clothing. She fell back into the flames and was burned to death.

William O'Connor, two years old, was burned to death in bed. When the fire was discovered the father of the child was overcome and fainted. The mother bravely retained her presence of mind and thought only of saving her children. Two of them she lowered in safety on a hand elevator. When it was discovered that the small boy had been left behind, the father, who had been revived, started to go after him. He was detained by the police, and the elevator, having been burned out, fell just as O'Connor was about to use it as a means of rescue.

Esther McDonald, a thirteen-year-old girl, was probably fatally burned and several others were less seriously injured or burned.

JURY FINDS HYDE GAVE SWOPE POISON

Millionaire Came to Death From Strychnine Capsule.

Kansas City, Mo., Feb. 10.—Colonel Thomas H. Swope died from strychnine administered by Dr. B. C. Hyde, the husband of the millionaire philanthropist's niece, according to the verdict of the coroner's jury.

This announcement followed the end of the testimony taken during the inquest into the death of this wealthy man at Independence, near here. The jury, which was out but one hour, gave the following verdict:

"Colonel Swope came to his death by reason of strychnine administered in a capsule by Dr. B. C. Hyde, but whether by felonious intent or not, we, the jury, are unable to say."

Dr. Hyde is one of the Swope heirs, and for a time was the family physician. It was during the period he occupied that trust that the strange epidemic of typhoid fever raged in the family. He withdrew after a consultation of nurses, and several members of the family who were ill immediately recovered.

He has since sued John G. Paxton, executor of the Swope estate.

Colonel Swope died at his Independence home, ten miles from Kansas City, on Oct. 3, after James M. Hunt, overseer of the estate, had died. The millionaire's death was first ascribed to apoplexy.

The most sensational phase of the inquest prior to the verdict came when Dr. Hyde, who was physician to Colonel Swope on the day he died, and the prescriber of a digestive capsule, the administration of which preceded death only a short time, refused to testify or even to be sworn.

Redmond Heads Nationalists

Dublin, Feb. 10.—At a private meeting of sixty of the newly elected Nationalist members of parliament, John Redmond was re-elected chairman of the Irish party in the house of commons. The official report of the meeting contains no mention of the party's prospective relations with the government.

Southern Editor Stricken

Atlanta, Ga., Feb. 10.—Clarke Howell, editor of the Atlanta Constitution, Democratic national committeeman from Georgia and a director of the Associated Press, was stricken with apoplexy. He was removed to St. Joseph's hospital, where an operation will be performed.

Woman Lawyer Leaves \$80,000.

Wilkes-Barre, Pa., Feb. 10.—The will of Miss Laura Cannon, the well known woman lawyer, who died last week from injuries sustained in an automobile accident, was probated. She left an estate valued at \$80,000.

LITTLE GIRL IS BRUTALLY SLAIN

Father Finds Body After an All-Night Search.

KILLED IN RUINED BARN

Child's Clothing Was Torn From Her Body and She Held a Penny in Her Hand When Found—Newark Police Arrest One Man on Suspicion.

Newark, N. J., Feb. 10.—The brutal murder of a five-year-old girl was revealed by the finding of her mutilated body in an old broken down barn here.

The little girl, when found dead in a corner of the old building, still held a penny in her right hand. Around her neck there was a belt that the child had worn and which had been used by the murderer to strangle her to death. Her clothing was practically all torn from her body, indicating that at least a fierce attempt had been made to disrobe the little girl, who had fought desperately to defend herself.

The body was found by the father of the little one and a neighbor, who had kept up a search for her all night. The police were at once notified of the finding of the body and now they are on a hunt for the murderer.

The little victim was Sadie Tishkowitz, five years old, of 31 Jones street. She was the daughter of Harry Tishkowitz, who conducts a carpenter repair shop at the same address. The little one was playing in front of her home with some other girls about her own age. When her father went to look for her he could not find her, and none of the other children seemed to have noticed that she had left them. Believing the little child was close by, the father did not worry, but when supper time came and the child still remained away from the house he grew worried and at once took up the search in earnest for her.

He summoned several neighbors and tried to find her, but could not, and then they notified the police, who sent out a general alarm for the missing child. All night long the father looked about the neighborhood for the child, and the police made a thorough search also, but not the slightest clue did any of them get.

In the morning Tishkowitz, with Mrs. Ida Conn, a neighbor in the house, continued the search. They finally went into an old unused barn in the rear of a tenement at 27 Jones street and there, lying dead in a corner, they found the child.

Father Frantic With Grief

Almost frantic with grief, the father rushed from the place, swearing vengeance on the person who had taken the life of his daughter. Mrs. Conn notified the police and they at once took charge of the body.

The police have searched the place for some clue to the murderer, but have found none as yet. The big tenement at 27 Jones street is occupied by Italians and Poles, and as far as the police have been able to learn none of these heard any screams or unusual sounds coming from the barn at any time during the evening.

The police say the child was probably lured to the place by some stranger, who had given her the penny, and once he got her inside the place, he attacked her and then strangled her to death.

One man, a Polish laborer, has been arrested on suspicion of being the murderer of the Tishkowitz child. The prisoner is Stefan Mychena, thirty-five years old, who has been living in a little house at the rear of 31 Jones street.

Detective Tufts, who was working on the case, decided that the crime had been committed by some one who had become crazed by drink. Mychena had been drunk for two days. They went to his home and found him in bed asleep. The detectives say that the man's clothing was blood stained. They woke him up and told him he was under arrest, and he simply stared at them, not even asking why he was wanted by the police.

Purloiner of Peanuts Caught by Trap.
Washington, Pa., Feb. 10.—Noting the rapid shrinking of a basket of peanuts in his store at Hickory, Walter Retzer set a steel rat trap in the basket. While a number of villagers were gathered discussing high prices there was a snap, and one of the best known residents dashed out of the store with the trap hanging to his finger.

Aged Couple Killed by Gas

Philadelphia, Feb. 10.—Michael Carroll and his wife Mary, each sixty-five years old, were found dead in their home here, having been overcome by gas from a small stove. Carroll was in bed, and his wife, an invalid, was seated in a chair. The tube leading to the stove had become loosened.

Shock of Pulling Teeth Fatal

Muskegon, Mich., Feb. 10.—Never rallying from the shock caused by the extraction of two teeth, John Nequist, fifty-five years old, of Whitehall, died here. He became delirious in a dentist's office and went from delirium into a paralytic state.

The Weather.

Forecast for this section: Clearing and much colder today; tomorrow, fair; brisk west to northwest winds.

A Money Saving Time

New goods are now arriving, and we must clean up all the odds and ends of stock to make room for them.

We believe we can select a thousand articles from our stock on which there is no advance in price for spring. We made our plans and carried them through months ago, and we believe we are able to sell goods cheaper than other stores—not so forehanded.

GETTYSBURG, PA.

Increased Output

Monarch Light Touch lightens the operator's load—draws less on her energy per folio. The result is that the operator is able to maintain full speed right up to closing time, finishing fresh and strong. Her efficiency is increased, the output of her machine is enlarged, and consequently the per folio cost of typewriting to her employer is reduced.

Monarch Light Touch

is the greatest advance in typewriter construction since visible writing. Let us demonstrate to you this and other Monarch features including the Monarch rigid carriage, wide pivotal type-bar bearings, tabulator, back space key, and two-color ribbon shift. Every Monarch feature has practical daily value.

Nervous Collapse

"I have traveled for thirty years continually. I lost a great deal of sleep, which together with constant worry left me in such a nervous state that finally, after having two collapses of nervous prostration, I was obliged to give up traveling altogether. I doctored continually but with no relief. Dr. Miles' Nerve came to my rescue—I cannot describe the suffering which this Nerve saved me. Whenever I am particularly nervous a few doses relieve me."

A. G. C. LIBBY, Wells, Me.

There are many nervous wrecks. There is nervous prostration of the stomach, of the bowels, and other organs. The brain, the kidneys, the liver, the nerve centers are all exhausted. There is but one thing to do—build up the nervous system by the use of Dr. Miles' Restorative Nerve. Its strengthening influence upon the nervous system restores normal action to the organs, and when they all work in harmony, health is assured. Get a bottle from your druggist. Take it all according to directions, and if it does not benefit he will return your money.

AN INTERESTING CONTEST OPEN TO ALL

**\$350---TROUP BROS. PIANO---\$350
AND OTHER VALUABLE PRIZES**

GIVEN AWAY ABSOLUTELY FREE

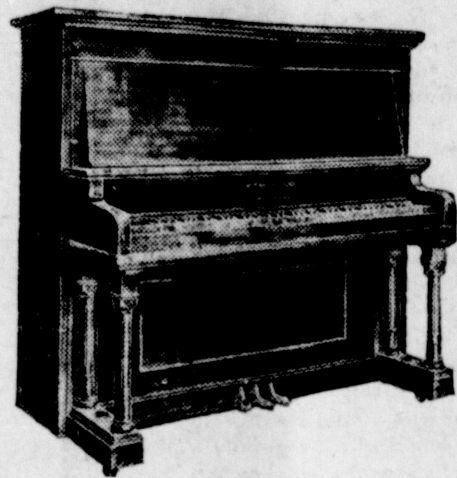

The three Persons Who Submit

THE THREE

Most Convincing Reasons

"WHY"

**This is the Best Store at
which to BUY A PIANO**

EACH REASON TO CONTAIN NOT MORE THAN 30 WORDS

Read the Rules and Conditions and get busy today. Remember it costs you nothing. Everybody except professional ad. writers, employees of this house and those engaged in the piano business, may enter. No element of chance or guess enters this contest. Merit, and merit alone, will win. The number, variety and value of prizes make it worth your while to try.

**All Answers MUST REACH Our Office
Before February 21st at 9 P. M.**

RULES AND CONDITIONS

Each contestant must submit not more or less than three reasons, each containing thirty or less words.

Not more than one reply will be accepted from the same person or family.

All replies must be received at our office before February 21, at 9 p. m., 1910.

Each contestant agrees that we shall have free use of reasons submitted, for advertising purposes, to be published anonymously.

All may enter except those mentioned.

All contestants agree to abide by the decision of the Judges, who will be disinterested parties, and whose decisions will be final, absolutely final. The awarding of prizes will be left entirely to them. For convenience sake submit your reasons on plain white paper attached to the coupon below.

COUPON

TROUP BROS., MUSIC HOUSE, York, Pa.

Dear Sirs:—I submit my reasons attached to this coupon and agree to abide by the decision of the Judges.

Name

No. of Street

Town

State

R. F. D.

Have You a Piano?

Have You an Organ?

The Prizes

First prize—One Troup Bros. Upright Piano valued at \$350 to the party whose three reasons appear the most convincing according to the judgment of the Judges.

Second prize—One Beautiful Gold Watch to the party who submits the next three best reasons.

CURES PIMPLES QUICKLY

Simple Remedy That Clears Skin Quickly of All Eruptions.

For several weeks past L. M. Buehler has done the biggest business he ever had in any one article in selling Hokara, the skin food that has won so many friends in Gettysburg.

It has been found to be an absolute cure not only for all minor skin troubles, such as pimples, blackheads, herpes, acne, scaly scalp, complexion blemishes, itching feet, piles, etc., but for the worst sores, ulcers, or even chronic eczema and salt rheum. There has yet to be found any form of wound or disease affecting the skin or mucous membrane that Hokara does not heal, and its action is so instantaneous that those who try it are simply delighted with it right from the start.

In spite of its unusual curative powers, the price is trifling. To convince every one of its merits, L. M. Buehler will sell a liberal-sized jar for 25c; larger size 50c. And remember that if you do not think it does what it claims, you get your money back. You certainly can afford to try it on this plan.

If the skin diseases are caused by impure blood or if the bowels are inactive, use Hokara Blood Tablets. They cool and cleanse the blood and regulate the bowels in a natural way.

BIG TEAMS

ON THE FARM

Either speed or power is essential to the economical performance of work. With every advance in the types of farm machinery has come an increasing demand for more power from farm teams. Size is an important asset in teams to handle heavy machinery and big loads; for power is more economically applied in large units than in small ones. The owner of big farm teams has the assurance that every operation in the fields can have all the power necessary to secure a first class job, while every loaded wagon started on the road will get to its journey's end. Wagons can be loaded to suit the needs of the business; the big teams will furnish the necessary power to handle them. Big horses are born pullers. Balty horses are gratifyingly scarce in the heavyweights because, in the first place, they have the patience to tug away at a load that can be budged only by inches, and, besides, it is hard to overload them.

In the fields the big team makes haste by the width of the swath it cuts. The man who has graded up his stock of small horses to heavier weights finds now that in many jobs two do the work formerly done by three, three do the work of four, while four make such a mark in the field as his wildest dream had never pictured. A gang plow with fourteen inch bottoms turns over five acres of ground a day. A sixteen disk harrow with plenty of power in front can be set to cut into the axles and move an immense amount of dirt. If horses are scarce, fourteen disks can be handled efficiently by three big horses.

Along with their increased efficiency in the field big farm teams, fairly bulging with power, have converted men to the doctrine that horse power is cheaper than man power. Plenty of horse power to take the driver along on riding machinery conserves his strength and energies and keeps his head clearer for the things that need

PRIZE HEAVY FARM TEAM.
(From Breeder's Gazette, Chicago.)

his attention. A tired man is not so quick to notice little repairs needed about a machine or ailments of his horses and is not so lavish with his energies in caring for his team at the stable as one who has ridden in the field and is on the lookout for things that need his attention. Instead of dully wishing to escape every unnecessary exertion. Men that are kept constantly drilled out cannot be expected to keep alive to the care of their horses and machinery.

When considering the subject of wintering horses it is necessary to divide them into two divisions—idle horses and horses that are to be worked through the winter. A different system of feed and management is required for each class.

How to treat the idle horse is a matter that is open to much discussion. The aim should be to reduce the cost of wintering them as much as possible. A maintenance ration is all that is necessary.

If feeding straw alone, better allow each animal three or four ears of corn a day, with a little bran occasionally for variety. It will also pay to curry them now and then, as this will promote a more healthy condition.

In regard to the horses that are to be worked, their care will need to be much the same as at other seasons. While the animals are standing in the stables care should be taken to have them warm so as to economize in feed as much as possible. On cold days it will pay to blanket the horses in the stable. As to their feed, this will be largely governed by the amount of work required of them.

Skimmings.

Be good to the cow, and she will appreciate it. Don't strike her and don't give her a cross word. It will pay in more and better milk.

Some cows won't stand for men. Once a farmer took his wife's place while she went off on a visit to the city. The first morning the cow kicked the milk all over him. He went to the house and put on his wife's clothes and after that milked all right.

Make the feed needed by cows right on the farm, so far as possible. It is a mistake to buy everything of this kind. The dairy should feed the farm, and the farm in turn should feed the dairy. Make your feed at home.

PILES BRING DESPAIR.

Take Courage! Internal Treatment will Cure

Piles make life unhappy and ruin the best disposition. Most sufferers have been bitterly disappointed by many failures to find a cure. A medicine in tablet form, taken internally, that avoids the unpleasant features of ointments, suppositories and operations, and cures thoroughly by removing the INSIDE cause, is surely worth trying, especially as The People's Drug Store, Gettysburg, Pa., guarantees it.

Dr. Leonhardt's Hem-Roid costs \$1 for a large box—24 days treatment. Dr. Leonhardt Co., Station B, Buffalo, N. Y. Write for booklet.

PUBLIC SALE

Trostle as a shirt factory. Possession will be given April 1st, 1910.

Sale to begin at one o'clock when terms and conditions will be made known by

J. A. Tawney, Trustee
Jas M. Caldwell, Auct.

ITCHING ECZEMA WASHED AWAY

Is it worth 25 cents to you to stop that awful, agonizing itch? Surely you will spend 25 cents on your druggist's recommendation, to cool and heal and soothe that terrible itching eruption?

By arrangement with the D. D. D. Laboratories of Chicago, we are able to make a special offer of a 25-cent bottle of their oil of wintergreen compound, known as D. D. D. Prescription. Call, or write or telephone to People's Drug Store.

We absolutely know that the **itch is stopped AT ONCE** by D. D. D. Prescription, and the cures seem to be permanent.

Fascinating Hair

Easy to Stop Hair Falling Out, and Dandruff Also

No one doubts that it is the duty of every woman to look as charming as possible. Every woman knows why she wants to be beautiful and attractive.

A woman with scant hair, dull and lifeless, has lost half her charm. How many times have we heard the expression "the crowning glory of a woman is her hair." Nowadays, thanks to Parisian Sage, almost every woman can have hair so radiant and so glorious that it attracts, fascinates and compels admiration.

Parisian Sage, the scientific and ideal hair rejuvenator and tonic, will cause hair to grow. It will turn harsh, withered hair into lustrous and bewitchingly luxuriant hair in a few days.

It is a most delightful hair dressing that kills the dandruff germs, stops falling hair, and eradicates dandruff in two weeks, or your money back.

Go to People's Drug Store and buy a large 50 cent bottle on the money back plan.

Eat Zeigler's Bread.
